Your Favourite Summer Date Night

Couples League 2026

Every Other Saturday | May — September

Golf, connection, and unforgettable summer evenings. Whether you're competitive, casual, or just in it for the patio laughs, this league is designed to bring couples together on and off the golf course.

The more you play, the more you earn! All leading up to a fun and celebratory year-end event.

How Play Works

The Friendly Competitive Side

Couples compete as a team and are paired with another couple each league night in a blind best-ball format, where the best net score on each hole counts toward the team result. Participation throughout the season earns points toward league standings, while top finishers and contest winners take home weekly prizes.
